QUEEN'S UNIVERSITY MEMORANDUM

7 May 70

Harold –

Enclosed is a letter from Mayhew giving his address.

From the response you may deduce as I did that he is a no-nonsense businessman who wants JFK things. In my letter to him I made not the least suggestion that I had anything to donate or sell.

In reply to his letter I offered to send him (at cost) copies of pictures that I have. I also offered to try to get other photos for him if he would pay me the cost of making duplicates for myself.

I don't know what sort of an operation the JFK Memorial Center is, nor Mayhew's association with it. I believe that I had heard about it, but I don't know anything about it.

Still,

Dick
